Notice No. for suspension of certificate	
Suspension deadline	
Reasons of suspension (items):	
Description for the corrective actions(Separate pages can be attached)	
Certification Applicant:(Seal) Application Date: Certification Applicant's Declaration: If we fail to timely apply for resumption and complete the resumption process due to our reasons, we voluntarily bear the consequence of the certificate being withdrawn after the deadline.	
The following contents shall be filled in by the acceptance department of the certification body	
Recipient of resumption application and corrective materials:：	Accepting date:
☐ Have the conditions to implement the resumption process, agree to accept	☐ Do not have the conditions to implement the resumption process, return to rectification
Signature of acceptor/Date:	
Other things to note:	

Important Notes:

1. The certification applicant shall submit a resumption application within the suspension period. Submitting the application indicates readiness to accept the certificate resumption process at any time.
2. If a change application is required before applying for resumption, please apply to the relevant Business Division of CQC in advance and obtain approval.

Application Form for Resumption

3. If changes occur after the certificate is suspended (e.g., factory relocation, standard upgrade, etc.), please apply to the relevant Business Division for change at the same time.
4. The certification applicant shall ensure that the certificate is restored to valid status before the suspension period expires; otherwise, the certificate will be withdrawn upon expiration of the suspension period.

Notes: Please complete this form with the applicant's official seal, then scan and upload it to the CQC business system and submit the resumption application online (application guide available on CQC official website). CQC staff can process resumption applications online quickly. The application form may also be sent by mail to the certificate processing personnel of the CQC branch office where the production plant is located; overseas manufacturers may email it to their designated Overseas Branch Office (contact details: https://www.cqc.com.cn/www/english/contactus/). CQC product certification customer service hotline: 010-83886666.https://www.cqc.com.cn/www/english/contactus/）
